**ERA Multilateration/NEO system in CHIȘINĂU Airport, Republic of Moldova**

This letter confirms that ERA a.s. has successfully supplied and installed Multilateration system to CHIȘINĂU Airport in Republic of Moldova.

The contract for the Supply, Delivery, Installation and Commissioning of NEO system in Moldova was signed on 11<sup>th</sup> of November, 2014 with the Site acceptance test certificate issued on 28<sup>th</sup> of September, 2016.

The system is designed according to ED-117; manufacture installation and conducting test operation including FAT/SAT, factory and on-site training was performed by ERA.

The complete system comprises in total 11 Ground stations and a fully redundant Central Processing Station.

The supplied and installed system is in operational state and has performed satisfactorily after commissioning.

Value of the subcontractor price: This is confidential but below 2,5 M EUR.

Yours sincerely,

Serghei Sandu

Technical Director
